

AGGRESSIVE

Victory's newest bike gets all the right gear to stake its claim as the fastest Victory. Add the tachometer and drag bars for a performance look and sound. Because Octane™ is also the lightest Victory®, challenge the curves and adjust the feel of your ride .

Gunfighter Seat PG 25

BLACKED OUT STYLING

Octane™ backs up its sinister look with blacked out accessories that make it the baddest bike on the street. Octane's lean, mean look is great in basic black with accessories to match, including engine covers, luggage racks, passenger pegs and seating options.

Tachometer & Drag Bars PG 24 & 26

COMFORT

There's another side to the Octane™ – a solo or two-up day-tripper that extends the range of your ride while keeping you and your passenger comfortable.

Spoke Collection PG 27
