2879362

Victory Cross Country® Flip Windscreen

3" taller than a stock with lip at top.

2878174

★ TOP SELLER

Klock Werks® Flare™ Windscreen

"Flip" design kicks air up, allows for less turbulent air flow.

2878833

Clear

2878833-02

Tinted

Boomerang Windscreen

2879365

Blade Windscreen

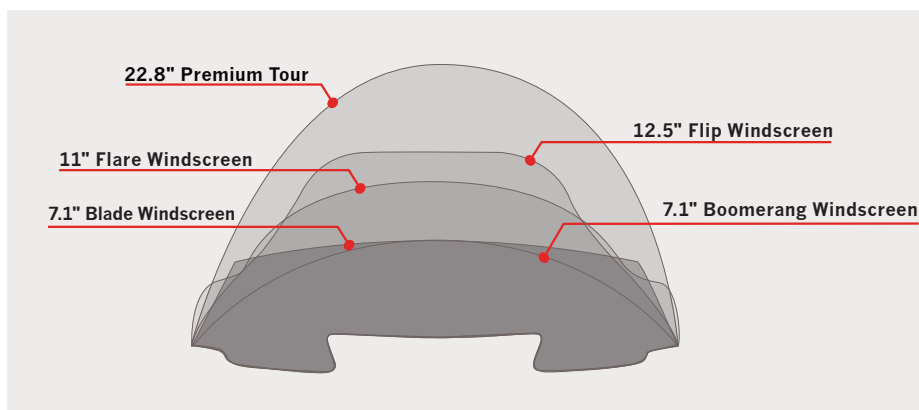

2879238

Fairing Wind Deflectors

Requires Tubular Highway Bars (2878325), sold separately and Hard Lowers (2878543), sold separately.

2878527

PICKING THE RIGHT WINDSHIELD

A windshield that stops shortly below eye level will prevent you from looking through bug splatters, while directing air over your head.

Blade Windscreen

2879238

7.1"

30% tint, 70% light transmission super-low windshield that provides clean custom style.

Boomerang Windscreen

2882083

7.1"

The top edge delivers a clean custom look. 70% tint, 30% light transmission.

Klock Werks® Flare™ Windscreen

2878833, -02

11"

Mid-height windscreen juts out from the fairing. Flare design directs wind and road debris up and over the rider while keeping an unobtrusive profile.

Victory Cross Country® Flip Windscreen

2878174

12.5"

Angled lip at the top of the windscreen directs airflow over the driver. 3" taller than a stock windshield.

Premium Tour Windscreen

2879362

22.8"

Directs wind over ride for ultimate protection.
